

Anaesthesia

The official journal of the Association of Anaesthetists of Great Britain and Ireland

Volume 29 (1974)

Editorial Board

Editor T. B. BOULTON

Assistant Editors M. D. VICKERS R. S. ATKINSON J. N. LUNN

Advisory Editor C. LANGTON HEWER

Chairman R. BRYCE-SMITH

Members SIR GEOFFREY ORGANE AILEEN ADAMS P. J. HORSEY
J. C. SUGDEN (*Junior Anaesthetists' Group Representative*)

The President of the Association (*ex officio*) P. J. HELLIWELL

The Honorary Treasurer of the Association (*ex officio*) D. D. C. HOWAT

The Honorary Treasurer-Elect of the Association (*ex officio*) S. A. MASON

The Honorary Secretary of the Association (*ex officio*) J. S. M. ZORAB

The Honorary Assistant Secretary of the Association (*ex officio*) M. D. VICKERS

Specialist Advisers

W. D. M. PATON (*Pharmacology*) H. LEHMANN (*Clinical Biochemistry*)

M. D. MILNE (*Medicine and Clinical Pathology*) M. P. CURWEN (*Statistics*)

K. BRYN THOMAS (*History of Anaesthesia*)

CONTENTS

NUMBER 1, JANUARY 1974

Cardio-pulmonary function during ether/air/relaxant anaesthesia. A comparison with nitrous oxide/oxygen anaesthesia <i>J. G. Roberts, C. Prys-Roberts, M. A. Moore & A. N. L. Frazer</i>	4
Liver transplantation in man. Anaesthetic and biochemical management <i>J. V. Farman, J. G. Lines, R. S. Williams, D. B. Evans, J. R. Samuel, S. A. Mason, B. S. Ashby & R. Y. Calne</i>	17
Morphine combined with doxapram or naloxone. A study of post-operative pain relief <i>P. K. Gupta & J. W. Dundee</i>	33
The effect of an infusion of doxapram on morphine analgesia <i>P. K. Gupta & J. W. Dundee</i>	40
Intermittent positive pressure breathing (IPPB) in chronic respiratory disease <i>J. A. Thornton, C. S. Darke & P. Herbert</i>	44
Hyperventilation and psychometric testing. A preliminary study <i>K. R. Murrin & T. M. Nagarajan</i>	50
CASE REPORT Ketamine and pancuronium for the shocked patient <i>A. C. Bond & C. K. Davies</i>	59
APPARATUS A precise method of cannulating the lumbar epidural space <i>A. Doughty</i>	63
Misuse of the plug of Cobb's suction union <i>E. D. T. Ross</i>	66
HISTORICAL NOTES Respiration, the pulse and animal heat <i>Julian M. Leigh</i>	69
Bottle, Black, Brunton, Bag and Bubble Boyle at Bart's <i>Richard H. Ellis & Thomas B. Boulton</i>	87
FORUM Pethidine-diazepam analgesia for cystoscopy <i>P. Metz & J. O. Halveg</i>	92
CORRESPONDENCE List of contents	96
Atmospheric pollution; Consent for research; Induction in children; Electrical interference: Halothane and pancuronium; Diploma in Anaesthetics; Domiciliary visits	
Editorial 1; Book reviews	104
Obituaries	107
News and notices	107
Anaesthetic literature	125

NUMBER 2, MARCH 1974

Effects of ketamine on the electroencephalograph <i>Martin S. Schwartz, Susan Virden & D. F. Scott</i>	135
The effect of ketamine on pulmonary artery pressure. An experimental and clinical study <i>S. Gassner, M. Cohen, M. Aygen, E. Levy, E. Ventura & Judith Shashdi</i>	141
The interscalene approach to the brachial plexus <i>M. E. Ward</i>	147
Six potent analgesic drugs. A double-blind study in post-operative pain <i>E. H. D'A. Banister</i>	158
Galanthamine hydrobromide versus neostigmine. A plasma cortisol study in man <i>D. A. Cozanitis</i>	163

CASE REPORTS Undiagnosed congenital oesophago-bronchial fistulas in adults and older children *P. Dakaraju, Ruth E. Mansfield & P. Shatapathy* 169; A complication of long venous catheters *D. L. Coppel & I. O. Samuel* 175; Cardiovascular collapse unrelated to anaesthesia. An undiagnosed ectopic pregnancy *Rajindar K. Wadha, Saroj R. Wadha & Ramesh C. Khurana* 178

APPARATUS Endotracheal tube sizes for children *Philip J. Keep & Margaret L. Manford* 181; An uncommon hazard of armoured endotracheal tubes *M. L. Yeung & Z. Lett* 186; Buried alive. Some fresh air for the conscious patient under towels *P. D. Challen* 188; Humidification of gas mixtures delivered by miniature ventilators *D. B. Weeks & J. Chalon* 191

HISTORICAL NOTES Early treatment with oxygen. The Pneumatic Institute and the panaceal literature of the nineteenth century *Julian M. Leigh* 194; Ivo Bettini. Yugoslavian pioneer anaesthetist *Jagoda Bolđić-Wickerhauser* 209

SPECIAL ARTICLE The European scene. The European Economic Community (EEC) *D. D. C. Howat* 211

FORUM Post-operative pain relief with ketamine infusion *Yusuke Ito & Kunio Ichiyanagi* 222; Trial of ketamine in an accident and emergency department *David B. Caro* 227

CORRESPONDENCE List of contents 230; Anaesthesia in developing countries; Consent for research; Insertion of nasogastric tubes; Minnitt Gas-Air apparatus

Editorial 133; Book reviews 235; Obituaries 242; News and notices 242; Courses in anaesthesia 253

NUMBER 3, MAY 1974

Hypotensive anaesthesia for coarctation. A method of prevention of post-operative hypertension 269
E. J. Bennett & F. Y. Dalal

Pulmonary venous admixture during one-lung anaesthesia. The effect of inhaled oxygen tension and respiration rate 272
T. A. Torda, C. H. McCulloch, H. D. O'Brien, J. S. Wright & D. A. Horton

The effect of volatile anaesthetics on common respiratory pathogens. Halothane, trichloroethylene and methoxyflurane 280
S. Mehta, G. Behr & D. Kenyon

Morbidity following intravenous injections 290
C. E. Briscoe & P. A. Taylor

Post-spinal headache. A preliminary report on the effect of inhaled carbon dioxide 297
S. S. Sikh & G. Agarwal

CASE REPORTS Accidental intrathecal injection of gallamine triethiodide *Samad Mesry & Jalil Baradaran* 301; Management of anaesthesia during tracheal resection *P. Lee & I. C. W. English* 305

APPARATUS Continuous flushing systems. A critical review *R. D. Latimer & K. E. Latimer* 307; A multi-purpose anaesthetic apparatus. The Romanest *Radu Simionescu* 318; Continuous positive airway pressure. A new system *J. Pfitzner, M. A. Branthwaite, I. C. W. English & E. A. Shinebourne* 326

HISTORICAL NOTE Ideas and anomalies in the evolution of modern oxygen therapy *Julian M. Leigh* 335

FORUM The clinical testing of weak oral analgesics *John B. Stetson* 349; Intensive therapy in neonatal tetanus *A. Ganendran* 357; Anaesthesia for arteriovenous fistulae: a modified stellate ganglion block *E. J. Galizia & S. K. Lahiri* 362

CORRESPONDENCE List of contents 366; Blind nasal intubation; Nasogastric tubes; Acupuncture; Awareness; CO₂ and N₂O; Economics of anaesthesia; Ketamine and shock Editorial 265; Book reviews 374; Obituaries 383; News and notices 383; Anaesthetic literature 395

NUMBER 4, JULY 1974

The neurological mechanisms of pain. A review 407
M. E. Wilson

Epidural analgesia in the treatment of bladder carcinoma. A technique using two catheters 422
P. R. Brown, G. J. Arthurs & R. W. Glashan

Influence of ether anaesthesia on suxamethonium-induced hyperkalaemia 429
J. A. O. Magbagbeola, B. K. Adadevoh & J. E. O. Durowoju

Fluorine compounds in anaesthesia (8). Examination of seven derivatives of propane and three of normal butane 435
T. H. S. Burns, J. M. Hall, A. Bracken & G. Gouldstone

CASE REPORTS Propanidid in epilepsy *D. W. Barron* 445; Rupture of the trachea during laryngo-oesophagectomy *A. B. Loach* 448

APPARATUS A pack for the emergency treatment of malignant hyperpyrexia *I. M. C. Clarke & F. R. Ellis* 452; An anaesthetic instrument tray *Adrian Padfield* 456; Adsorption of halothane by activated charcoal. Further studies *K. R. Murrin* 458

HISTORICAL NOTE The evolution of oxygen therapy apparatus *Julian M. Leigh* 462

FORUM Manual removal of the placenta under ketamine *Syam Roopnarinesingh & Savitri Kalipersadsingh* 486

CORRESPONDENCE List of contents 489; Cover for the Editors; Piped Entonox; Cape ventilators; Depth of ketamine anaesthesia; Danger list for ketamine; Oxygen transport; Endotracheal tubes for children; Interscalene brachial block; Consent for research; Location of the epidural space; Disposal of waste anaesthetics

Editorial 405; Book review 498; Obituaries 499; News and notices 499; Courses in anaesthesia 515

NUMBER 5, SEPTEMBER 1974

Pyrexia following open heart surgery 529
E. Domínguez De Villota, G. Barat, F. Astorqui, D. Dâmasco & F. Avello

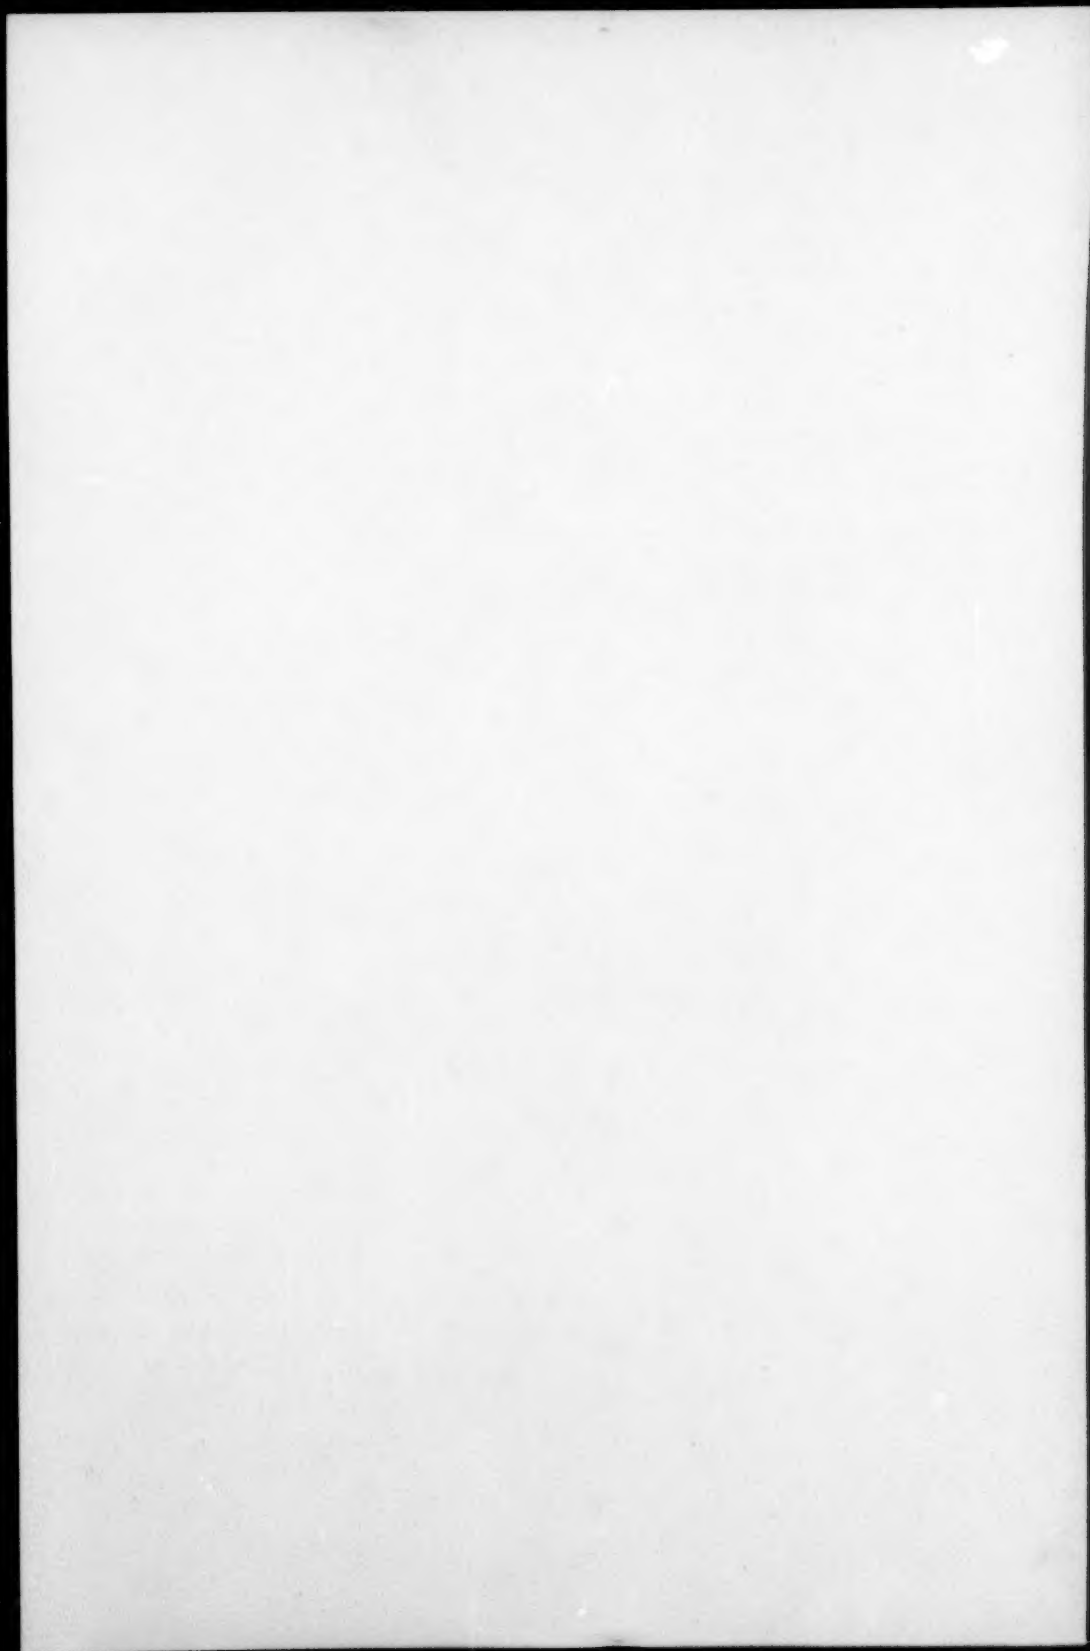

A clinical evaluation of the maternal effects of extradural analgesia for labour 537
J. Moore, G. A. Murnaghan & M. A. Lewis

Plasma cortisol and blood sugar following minor surgery under intravenous anaesthetics <i>R. S. J. Clarke, I. M. Bali, M. Issac, J. W. Dundee & B. Sheridan</i>	545
Death in outpatient dental anaesthetic practice <i>Peter J. Tomlin</i>	551
Cardiac dysrhythmias during anaesthesia for oral surgery. The effect of local blockade <i>P. E. Plowman, W. J. W. Thomas & A. C. Thurlow</i>	571
CASE REPORTS Tricyclic antidepressants and cardiac dysrhythmias during dental anaesthesia <i>P. E. Plowman & W. J. W. Thomas</i> 576; Halothane as a possible cause of laryngitis in an anaesthetist <i>Eve M. Pitt</i> 579; Treatment of respiratory depression with the anticholinesterase drug galanthamine hydrobromide <i>Dimitri A. Cozanitis & Erkki Toivakka</i> 581; An unusual cause of breakage of a central venous catheter <i>Mohamed H. Al-Albrak & John R. Samuel</i> 585 Anaesthesia for cystic hygroma in a neonate <i>R. M. Weller</i> 588	
APPARATUS A modification of the Amsterdam Infant Ventilator. A detachable circuit for sterilisation. <i>S. Srikasibandha & C. S. Mansvelder</i> 595; Individual nasal masks and intranasal tubes. A non-invasive neonatal technique for the delivery of continuous positive airway pressure (CPAP) <i>John M. R. Cox, John J. Boehm & Eduardo A. Millare</i> 597; An Airway for the Edentulous adult <i>P. J. Keep & T. C. Crewe</i> 601; A respiratory monitor for the reservoir bag. A device for use in darkened operating theatres <i>T. M. Williams</i> 603; A simple device for teaching controlled ventilation <i>A. K. Jamil</i> 605	
HISTORICAL NOTE Junker in Japan <i>Akitomo Matsuki</i> 607	
FORUM Caudal block for post-operative pain relief in children <i>B. Kay</i> 610; A method of regenerating activated charcoal anaesthetic adsorbers by autoclaving <i>John H. Capon</i> 611; Anaesthesia for dental extraction: a comparison of various techniques in the author's hands <i>T. M. Young</i> 614; Anaesthesia for flexible fiber-optic bronchoscopy <i>Z. Lett & G. B. Ong</i> 623	
CORRESPONDENCE List of contents 627; Arms and the Anaesthetist; 'Buried alive'; Anaesthesia in paraplegic patients; Laryngotracheal toilet before extubation; Controlled ventilation with the Penlon ducted expiratory valve	
EDITORIAL 527; Book Reviews 633; Obituary 636; News and notices 636; Anaesthetic literature 661	

NUMBER 6, NOVEMBER 1974

Nutrition after cardiac surgery <i>J. M. Manners</i>	675
Anaesthetic induction for Caesarean section. Althesin versus thiopentone <i>J. W. Downing, M. C. Mahomed, A. J. Coleman, Y. H. Mahomed & D. E. Jeal</i>	689
Lateral table tilt for Caesarean section <i>J. W. Downing, A. J. Coleman, M. C. Mahomed, D. E. Jeal & Y. H. Mahomed</i>	696
Anaesthesia for coarctation. A new classification for rational anaesthetic management <i>F. Y. Dalal, E. J. Bennett, M. R. Salem & A. A. El-Etr</i>	704
Doxapram in the treatment of acute drug poisoning <i>J. W. Dundee, R. C. Gray & P. K. Gupta</i>	710

Benzocetamine. A preliminary report on a new sedative drug <i>N. M. Goodwin, J. G. Brock-Utne, J. W. Downing & A. J. Coleman</i>	715
A comparative study of the narcotic agonist activity of naloxone and levallorphan <i>J. M. Evans, M. I. J. Hogg, J. N. Lunn & M. Rosen</i>	721
Piritramine and pethidine. A comparison of their use as supplements in general anaesthesia <i>M. E. Tunstall & T. W. Ogg</i>	728
CASE REPORT A complication of guided blind intubation <i>O. O. Akinyemi & A. John</i>	733
APPARATUS Apparatus for the administration of Entonox (50% N ₂ O:50% O ₂ mixture) by intermittent positive pressure <i>David Nancekieve</i> 736; A chin support for unconscious patients <i>Ian Smith</i> 740	
HISTORICAL NOTE Sir William Macewen and Anaesthesia <i>C. D. T. James</i>	743
FORUM Metaclopramide and drinking before general anaesthesia <i>E. N. S. Fry</i> 754; Endobronchial intubation in children <i>I. McLellan</i> 757	
CORRESPONDENCE List of contents 759; Tube sizes for children; Anaesthesia during tracheal resection; Rupture of the trachea; Nasal prongs; Auditory guide to the extra dural space	
EDITORIAL 671; Book Reviews 763; Obituary 768; News and Notices 768; Stop Press 785; Courses in Anaesthesia 787	
Index for 1974 Volume 29	799

Index, Volume 29 (1974)

- Acupuncture analgesia (c) (Hoel), 368
- ADADEVOH, B. K. *see* MAGBAGEOLA, J. A. O.
- AINLEY-WALKER, J. C. The estimation of carbon dioxide concentration in the presence of nitrous oxide (c), 369
- Air flow to conscious patients under towels (Challen), 188; (c) (Neff), 629
- pollution in operating theatres (Capon) (c), 96
- Airway for edentulous adult (Keep and Crewe), 602
- pressure, continuous position, delivery by individual nasal masks and intranasal tubes (Cox, Boehm and Millare), 597
- continuous positive, new system (Pfitzner, Branthwaite, English and Shinebourne), 326
- AKINYEMI, O. O. and JOHN, A. A complication of guided blind intubation, 733
- AL-ABRAK, M. H. and SAMUEL, J. R. An unusual cause of breaking of a central venous catheter, 585
- Althesin induction for Caesarean section (Downing, Mahomedy, Coleman, Mahomedy and Jeal), 689
- Amsterdam infant ventilator, modification (Srikasibhandha and Mansvelder), 595
- Anaesthesia, early development at St Bart's (Ellis and Boulton), 87
- in bronchiectasis revealing undiagnosed congenital oesophago-bronchial fistulas in adults and older children (Dakaraju, Mansfield and Shatapathy), 169
- in developing countries (c) (Phillips), 230
- medico-political problems within the EEC (Howat), 211
- supplements, piritramine and pethidine compared as (Tunstall and Ogg), 728
- Anaesthetic apparatus, multi-purpose (Simionescu), 318
- gases and vapours, disposal of waste (c), 497
- Anaesthetics, intravenous, for minor surgery, plasma cortisol and blood sugar after (Clarke, Bali, Issac, Dundee and Sheridan), 545
- Anaesthetist, halothane as possible cause of laryngitis in (Pitt), 579
- Analgesia, epidural, in bladder carcinoma (Brown, Arthurs and Glashan), 422
- extradural, in labour, clinical evaluation of maternal effects (Moore, Murnaghan and Lewis), 537
- lumbar epidural, precise method of cannulation (Doughty), 63
- Analgesics, weak oral, clinical testing (Stetson), 349
- ANDREW, D. *see* FELDMAN, S. A.
- Antidepressants, tricyclic, cardiac dysrhythmias during dental anaesthesia in patients treated with (Plowman and Thomas), 576
- Aorta coarctation: classification for rational anaesthetic management (Dalal, Bennett, Salem and El-Etr), 704
- repair, hypotensive anaesthesia in (Bennett and Dalal), 269
